

Please visit our website www.medipack.ch

MEDIPACK AG is growing – both in employee numbers as well as size of production area. We have now grown to 193 employees. They are distributed between two locations. In addition to our main production location in Schaffhausen, we now also operate a certified ISO class 7 clean room in Flurlingen, on the other side of the Rhine.

Production facility in Flurlingen

Advantages

- 286 m² additional clean room
- Larger production capacity
- Second location as per risk assessment
- Further expansion possibilities

Certifications

We are certified according to the latest **EN ISO 13485:2016** standard, but we have decided not to renew the EN ISO 9001 certification.

The current revisions of the two standards, which greatly differ in terms of structure and content, complicate a dual certification according to EN ISO 9001:2015 and EN ISO 13485:2016 considerably.

We are confident therefore renunciation of EN ISO 9001 certification will not have any negative impact for our customers.

EXHIBITION NEWS

From **31 October – 1 November 2018** we will be exhibiting at the MD&M in Minneapolis for the first time. You can find us at stand **No. 2512**.

Should you be in the USA at this time you can visit us at the expo.

An annual tradition!

Again this year we will be exhibiting at the COMPAMED in Düsseldorf.

It takes place from **12 – 15 November, 2018**. Visit us at our stand **No. 8BJ01** in hall **8b**. We will be happy to present our packaging solutions to you in detail and pamper you with our popular "Medipack Toblerönl!"

PS:

If you visit us in Schaffhausen, you can recharge your electric car with us. There are two charging stations available.

Best Regards

Reto Artusi
